Why books make great presents!

They don't need to be assembled before being given.

They don't need batteries.

They don't go out of style.

They don't need extension cords.

They never need ironing.

It is a gift you can open again and again.

****And don't forget Kindles or e-readers are great ways to increase student interest in reading! Students may bring devices to school for reading appropriate books in reading class.**

"Destiny" Available Anywhere

Students may now access all of the functions of Destiny from anywhere they have Internet access.
